Director of MTSS
Multi-Tiered System of Support (MTSS) is a fully integrated framework to ensure academic, behavioral, and social-emotional success for ALL students.
THREE-TIERED SYSTEM FOR ACADEMICS, BEHAVIOR, AND SOCIAL EMOTIONAL LEARNING

- Tier I - all students get first, best instruction in academics, behavior, and social-emotional
- Tier II - Some students need supplemental academic, behavior, and/or social emotional supports
- Tier III - A few students need intensified academic, behavior, and/or social emotional supports
WHY MTSS?

• Research
• Protective Factors
  1. Relationship with a caring adult
  2. Safe, structured, predictable environment

Implementation

3. Behavioral Expectations: School has five or fewer positively stated behavioral expectations and examples by setting/location for student and staff behaviors (i.e., school teaching matrix) defined and in place. | 77% |
4. Teaching Expectations: Expected academic and social behaviors are taught directly to all students in classrooms and across other campus settings/locations. | 76% |
5. Problem Behavior Definitions: School has clear definitions for behaviors that interfere with academic and social success and a clear policy/procedure (e.g., flowchart) for addressing office-managed versus staff-managed problems. | 55% |
6. Discipline Policies: School policies and procedures describe and emphasize proactive, instructive, and/or restorative approaches to student behavior that are implemented consistently. | 60% |
7. Professional Development: A written process is used for orienting all faculty/staff on 4 core Tier 1 SWPBIS practices: (a) teaching school-wide expectations, (b) acknowledging appropriate behavior, (c) correcting errors, and (d) requesting assistance. | 65% |
8. Classroom Procedures: Tier 1 features (school-wide expectations, routines, acknowledgments. A classroom continuum of consequences) are implemented within classrooms and consistent with school-wide systems. | 74% |
9. Feedback and Acknowledgment: A formal system (i.e., written set of procedures for specific behavior feedback) that is (a) linked to school-wide expectations and (b) used across settings and within classrooms) is in place and used by at least 90% of a sample of staff and received by at least 50% of a sample of students. | 62% |
10. Faculty Involvement: Faculty are shown school-wide data regularly and provide input on universal foundations (e.g., expectations, acknowledgments, definitions, consequences) at least every 12 months. | 51% |
11. Student/Family/Community Involvement: Stakeholders (students, families, and community members) provide input on universal foundations (e.g., expectations, consequences, acknowledgments) at least every 12 months. | 61% |

Evaluation

12. Discipline Data: Tier 1 team has instantaneous access to graphed reports summarizing discipline data organized by the frequency of problem behavior events by behavior, location, time of day, and by individual student. | 26% |
13. Data-Based Decision Making: Tier 1 team reviews and uses discipline data and academic outcome data (e.g., Curriculum-Based Measures, state tests) at least monthly for decision-making. | 39% |
14. Fidelity Data: Tier 1 team reviews and uses SWPBIS fidelity (e.g., SET, BoQ, TIC, SAS, Tiered Fidelity Inventory) data at least annually. | 89% |
15. Annual Evaluation: Tier 1 team documents fidelity and effectiveness (including academic outcomes) of Tier 1 practices at least annually (including year-by-year comparisons) that are shared with stakeholders (staff, families, community, district) in a usable format. | 56% |
