Recognition of Winners of Otay Water District’s 2019 Student Poster Contest, “Water Is Life”

Action X Information

BACKGROUND INFORMATION:
Earlier this year, Otay Water District launched a student poster contest for Kindergarten through Grade 6 students attending schools located within their service area. Participants were encouraged to create posters that reflected the theme of “Water is Life” and demonstrated the importance of water-use efficiency inside and outside the home. The contest was an excellent opportunity for students to showcase their creativity while reflecting how important it is to use one of our most precious resources—water—as efficiently as possible in daily life.

Otay Water judged the entries in two categories—Grades K-3 and Grades 4-6. First, second, and third place winners were selected in each category. The winners received a certificate, a gift card, an art kit, and a water-related goodie bag. The two first place winners also received a prize for their entire class.

ADDITIONAL DATA:
The six winners were District students, one from Enrique S. Camarena Elementary and the other five from Wolf Canyon Elementary.

Premier SuperCopa (SuperCopa) provides the best and most diverse level of competition available in the United States for competitive teams of players aged 9-12 (boys and girls). It is an invitation-only tournament in which 24 of the top teams in the nation are asked to participate. Invitations for participation are determined by a panel of youth soccer professional from around the United States and offered to teams after extensive research. Teams invited are considered to be the nation’s most competitive youth teams in their respective age group.

Teams from coast to coast (and Mexico) travel to designated locations to participate in the event. The 2018 SuperCopa tournament took place in Denver, Colorado. This year, it took place in Dallas, Texas. In 2020, it will take place in Cincinnati, Ohio.

After playing teams from New Jersey; Monterrey, Mexico; Chicago, Illinois; Dallas, Texas; and Los Angeles, California, Albion SC South advanced to the quarter finals, where they won against the FC Dallas 09 Boys Academy team. In the semifinals, the team won against Total Futbal Academy – 2009 Pre Academy.

Before Albion SC South could meet the Azteca FC – 2009 team in the finals, a tornado struck Dallas. The playing fields flooded in a matter of minutes and all players/teams/spectators had to seek cover. Since they were not able to play, both teams were declared co-champions.

ITEM TITLE:

Report on Visual and Performing Arts Program

____________ Action X Information

BACKGROUND INFORMATION:

As the District continues its transformation of teaching and learning to reflect the needs of 21st century college- and career-ready students, the visual and performing arts (VAPA) continue to play a vital role. The VAPA Strategic Arts Plan is beginning its fifth year of implementation. Last year, the VAPA focus highlighted the success of existing programs in order to encourage support from foundations and grants to aid in the growth of the VAPA program and teacher professional development.

Working with the District Senior Grant Writer, grant applications were submitted in October to the Stuart Foundation and to the California Department of Education Student Support and Academic Enrichment Grant. The District was awarded both grants, which provided necessary funding to support teacher professional development and to purchase materials for a music library as well as resources for dance, theater, and visual art teachers.

Understanding the necessity of showing evidence of the impact the arts have on social and emotional intelligence, the District collaborated with the California Alliance for Arts Education and Muse Research for a pilot study at Myrtle S. Finney, John J. Montgomery, Otay, and Rosebank Elementary Schools through generous funding from the Stuart Foundation. This triangulated study measured student creativity, problem-solving, and grit through the lens of the student, the parents, and the teacher. The data is currently being aggregated and will be ready to disseminate in October.

The District has also continued its partnership with the San Diego Youth Symphony (SDYS), and has pivoted the program to provide support to VH1 Save The Music Foundation schools who are starting orchestras and bands on their campuses. Music teachers will have support from the teaching artists and program staff to build their own capacity in building an orchestra or band at their respective sites.
Other partnerships include La Jolla Playhouse, The Kennedy Center, Turnaround Arts: California, Art=Opportunity, The Piano Project, San Diego Opera, Collaboration: Teachers and Artists, The California Arts Project, Sax Art, and VH1 Save The Music Foundation.

**ADDITIONAL DATA:**

District’s efforts to bring back arts education have resulted in local, state, and national attention. Throughout the course of this school year, the District will participate in state and national events and serve as a national model for the implementation of successful arts programs.

Tonight, a report will be provided on the VAPA program. District students will perform prior to the Board meeting under the leadership of District music teachers.

Additional information is available for review in the Office of the Executive Director of Curriculum and Instruction Services and Support.

**FISCAL IMPACT/FUNDING SOURCE:**

Contractual agreement with SDYS totals $124,290. District Title I funds are utilized for these services. 2019-20 LCAP fiscal impact is $7,011,715 to include VAPA coordinator and teachers’ salaries, materials, and SDYS after-school expansion.

ITEM TITLE:
Report on New Principal Academy and Associate Principal Academy

X Action  Information

BACKGROUND INFORMATION:

New Principal Academy (NPA)
Entering the third year of implementation, the NPA provides monthly, targeted professional learning to principals in their first and second years of principalship. These learning experiences are carefully designed to pinpoint areas of significant challenge for new leaders. Specific topics include Single Plan for Student Achievement development, School Site Council requirements, interpretation of data to inform schoolwide programming, strengthening family and community partnerships, deepening understanding of Special Education processes, and understanding certificated and classified contracts.

Monthly learning sessions are divided into three segments:

- In-role experts and District leaders collaborate and deliver the content to new principals.
- Processing and application of content to site-specific contexts is guided in small groups.
- Debriefing allows new principals to consolidate their learning and share any questions, concerns, or other challenges with the group.

Additionally, a retired principal is individually mentoring each new principal for approximately eight hours. The intent is to provide 1:1 coaching and support, specifically around school climate and culture.

Associate Principal Academy (APA)
Also entering the third year of implementation, the APA provides monthly, targeted professional learning for beginning leaders. These learning experiences are differentiated from the NPA in that there is a greater focus on District’s shared values and culture, as well as supporting their site principals with instructional leadership and operational management.
**ADDITIONAL DATA:**

Currently 14 principals participate in the NPA and 12 associate principals participate in the APA. In addition to instructional expertise and strong operational management skills, the District expects leaders to initiate, sustain, and promote relationships with students, families, and the community. A deliberate focus on the District’s Shared Vision and Values, coupled with an emphasis on emotional intelligence, will shape these leaders into the “A-Players” needed to lead District schools.

Feedback from new principals in 2018-19 indicated a better understanding of operational processes that were challenging for those with a background in instruction. A need for deeper understanding around Special Education processes surfaced. Additionally, new principals reported an increased level of organizational knowledge and identified specific support personnel who could assist them with the various challenges they encounter. Finally, a new onboarding process is being enacted to support new leaders in the District.

Tonight, District staff will report on the NPA and APA that supports novice administrators and prepares them to be highly qualified leaders in the District.

Additional information is available for review in the Office of the Assistant Superintendent of Innovation and Instruction Services and Support.

**FISCAL IMPACT/FUNDING SOURCE:**

This effort is supported by grant funding from the Wallace Foundation and addresses the University Principal Preparation Initiative goals of recruiting, selecting, supporting, and retaining high-caliber school leaders.

B. Presentation of Book Donation by the South Bay Historical Society

Dr. Escobedo said the mission of the South Bay Historical Society (SBHS) is to preserve and promote the history of the community and that SBHS acts as a clearinghouse for many organizations in the region that are involved in education and historic preservation, and to promote the sharing of information about historic sites, family artifacts and photographs, and oral histories. He added that the organization is donating a copy of the book *Chula Vista Centennial: A Century of People and Progress*, which provides a visual journey, decade by decade from 1911, and brings to life historical facts and personal recollections of residents, educators, and leaders in business, and local government. He introduced SBHS Board Member Shelley Rudd, who is a retired District teacher. Mrs. Rudd said SBHS works closely with the Chula Vista Heritage Museum and announced that a current exhibit at the main Chula Vista library is about the indigenous people and natural history of the South Bay. She presented the donation of the books—one for each District school library and said SBHS is also donating a book for each school library at National, South Bay, and Sweetwater Union High School Districts.

President Humphrey said she worked with Mrs. Rudd for many years at Harborside and presented Ms. Rudd with a Certificate of Appreciation for SBHS.

C. Introduction of Partnership with the San Diego County District Attorney’s Office

Dr. Escobedo said the mission of the San Diego County District Attorney’s (SDCDA’s) Office is to pursue equal and fair justice for all and to build safe neighborhoods, which ensures students can learn and citizens can thrive. Dr. Escobedo added that besides prosecuting offenders, the SDCDA’s Office also serves the neighborhoods by protecting citizens and preventing crimes and one of the ways they accomplish this is through partnerships such as for the Power League Program. He acknowledged SDCDA staff members who were in the audience: District Attorney Summer Stephan; Chief Administrative Services Michelle Bush; Chief, South Bay Branch of the District Attorney’s Office Anthony Campagna; and Deputy District Attorney Marissa A. Bejarano, who is also a former District Board of Education Member. Ms. Stephan thanked Dr. Escobedo for the introduction, for having her at the meeting, and for acknowledging the team that made the partnership happen. She said it is not enough to wait until crime
is committed; that the real win is to start preventing crimes early, adding that one of their goals is to reduce juvenile incarceration—which has decreased by 49% in the last five years. Ms. Stephan shared the program consists of providing mentors—prosecutors, investigators, paralegals, victim advocates—who will provide a two-to-one mentorship model to help students improve attendance and thus improve academic achievement. She stated the SDCDA’s Office will provide results and hopes for a 10-percent reduction in truancy and a 10-percent increase in student achievement and ability to communicate. Ms. Stephan said the program began in Bancroft [Elementary School] and that she can attest to the transformation and guarantee that the District will see something amazing, adding that she was asking the Board to approve the Memorandum of Understanding (MOU), which is free of charge.

President Humphrey thanked Ms. Stephan for the partnership and said it is very exciting.

D. Report on District Special Education Programs

Dr. Tessier said the District is blessed to have a stellar Executive Director for Special Education and Instruction [Ms. Sharon Casey] and that he was happy to introduce her to talk about what has happened and will continue to happen in the Department and to share preliminary results of the efforts. Ms. Casey presented a report that highlighted the District’s Special Education alignment to the District’s Vision. She also gave an overview of the department, providing information on the diverse services and supports offered and on how department staff members assist students. Ms. Casey said she is proud to work with the Special Education staff, thanked all the people who contribute to the lives of the students, and acknowledged Special Education staff members who were in the audience.

President Humphrey thanked Ms. Casey for the report and said the Board appreciates her and the entire Special Education team. Board Members asked questions that Ms. Casey answered; said they have seen the change in a positive direction in Special Education; expressed that it is great to work with a team that is ensuring equity for all students and providing the conditions for everyone to receive a world-class education; and thanked all the Special Education employees for their work.

4. COMMUNICATIONS TO THE BOARD OF EDUCATION

A. Chula Vista Classified Employees Organization

Chula Vista Classified Employees Organization President Peter Zeitler said Ms. Casey has been a godsend and especially helpful with
Instructional Assistants (IAs) and Students Attendants (SAs). Added that one of the important parts of her report is the training being delivered by the Support Team for Autism Spectrum and At-Risk Students, which is very important for the IAs and SAs— who are key in the integration of students in general education classrooms. Mr. Zeitler also said he has been working on getting IAs and SAs to interact more with teachers outside class time in order to prepare. He shared that ninety-seven Computer Technician I and II hours were cut, which means five people were laid off and have not been able to return and he is trying to work with the District to reinstate some of those hours. Thanked Facilities for getting schools ready to return and Purchasing Manager Ann Pering and her staff for getting Sunnyside ready for modernization.

B. Chula Vista Educators

Chula Vista Educators (CVE) President Susan Skala asked the Board to consider creating a policy regarding immigration enforcement; President Humphrey said the District has one and Ms. Skala asked that it be shared with staff. Ms. Skala agreed with Mr. Zeitler on collaboration time with IAs, SAs, and teachers and also regarding Computer Technician time, saying it is important for teachers to have that support. She mentioned creating a comprehensive process for implementation of Dual Language (DL) programs and for full inclusion programs, complete with job descriptions for DL teachers and itinerants. Ms. Skala remarked that the District should actively plan for the Resource Teacher program if it is going to change next year and that CVE would like to have input into the plan. She shared that CVE is very committed to working in the E3 [Educator Effectiveness and Evaluation] process, but the time has come to bargain the item. Ms. Skala said the Governor adopted a very robust budget, with well over three percent cost of living allowance, and that she hopes CVE and the District can settle the benefits and wages by September 6, even though the transfer settlement and the collaboration MOU still need to be negotiated. In closing, she said she looks forward to working with the Board this school year.

Agenda Item 6.A.
August 14, 2019
8. ADMINISTRATIVE ACTION ITEMS

A. Approve Motion to Direct Clerk to Conduct the First Reading of Ordinance Dissolving Community Facilities District No. 2 and Directing Related Actions by Title Only

Mr. Esquivel said the Board of Education created Communities Facilities District No. 2 (CFD No. 2) in 1987 and from that year through 1993, approximately 423 parcels were created for residential housing. He added that assessments are now complete and no obligations are due, so the District is requesting a first reading of the ordinance. Mr. Esquivel remarked the second reading would be presented in August to close out CFD No. 2.

President Humphrey said the Board, acting as the legislative body of CFD No. 2 would consider the ordinance dissolving CFD No. 2 and directing related actions. She asked for a motion to direct the Clerk to present the first reading by title only.

Motion: TAMAYO, Second: FARÍAS, Vote: UNANIMOUS

Clerk Reyes read the title of the ordinance for CFD No. 2. President Humphrey said copies of the proposed ordinance are available in the District's Business Services Office for public inspection. She also said the ordinance is expected to be formally adopted at the Board's next regular meeting. President Humphrey announced that matters related to CFD No. 2 were complete and the Board would not act as the legislative body of CFD No. 2 for the remaining items on the agenda.

11. BOARD COMMUNICATIONS

Mrs. Bunker:
- Said this is a very exciting time with lots of good things already set. Added it was good to have the Special Education report and that everyone knows what is going on and is “ready to go.”
- Commented that she drove by Cook, Kellogg, and Hilltop Drive and that each of them, from the outside, looks beautiful. Added that clearly, staff is doing a really good job getting everything ready.
- Remarked that she looks forward to a new school year and to working with the unions and with District staff.

Mr. Farías:
- Commented that it is very exciting starting a new school year. Shared his vacation would start the following Monday, and that it would be great because he would be able to drop off his girls at school and have breakfast and lunch with his wife.
- Shared that he attended the Leadership Kickoff and that it was really impressive to witness the level of commitment and passion and to see how leaders are getting ready to support all stakeholders at every school.
- Commented that he drove by Kellogg and saw two amazing gardeners really working hard. Said that, having been a school gardener and knowing the work it takes, he stopped to thank and congratulate them. Also congratulated Mr. Zeitler for a great team.
- Committed himself to another year of working together, being part of a support system, and making sure stakeholders collaborate collectively to continue making the District a shining star.

Mrs. Humphrey:
- Said that she has driven by a number of schools and is always impressed by the number of teachers who are already there, preparing their classrooms and also by how many other school staff members are working. Shared that she stopped by Rosebank to welcome the new principal (who was not there), that everyone is happy to have him, that he seems to be a great addition to the District, and that she looks forward to chatting with him.
- Remarked that she did not really have a break but that it is nice to continue and to keep abreast of the reading and other educational things Board Members need to be aware of and added the summer was fun and not as busy. Said the Board is excited to work together again, that Board Members are a good team, and that they truly appreciate employees and the work they do for kids in the District. Thanked everyone.

Dr. Reyes:
- Wished everyone a great 2019-20 school year, saying that it is very exciting to start a new year with new students, programs, classes, and also to continue successful programs and classes.
• Said that for him, summer is a time of reflection—to look at things that went great and at those that did not go well and need improvement.
• Commented that teachers and staff (but especially teachers) are expected to be at 100 percent, to always be there for kids—not only for the academics but also for the social emotional support—and to make sure they understand the needs of students. Added that teachers do a great job, but that equally important is for educators to be well themselves. Said there are many stresses in people’s lives and that he hopes educators take care of themselves and of each other because the better that is accomplished, the better they will be able to serve students.
• Finished by reiterating his wishes for a great school year.

12. SUPERINTENDENT’S COMMUNICATION

Dr. Escobedo:
• Commended District departments that really work hard to get the year started—Human Resources with hiring, Facilities getting schools ready, and Instructional Services with planning. Mentioned the modernization work at Sunnyside, saying they are ahead of schedule around five to eight days and that the school will open again in September.
• Shared that this year the District’s theme of Nurturing Relationships continues with “Grit”—that inner strength that people sometimes have to muster because things do not always go right and which, utilized collectively, will help get through even the roughest moments. Said the “Grit” theme will be the focus this year—how utilizing this strength, the District will become a better organization.
• Stated that he really looks forward to the 2019-20 school year.

WHEREAS, the Chula Vista Elementary School District (District) recognizes good attendance as a catalyst for students’ future academic success, their preparation for America's jobs of the future, and their ability to compete in a global economy; and

Report on 2019-20 State Budget and Approve Revisions to the 2019-20 District Adopted Budget

X Action

Information

BACKGROUND INFORMATION:
On June 27, 2019, Governor Newsom signed into law the 2019-20 State Budget (Budget Act). Education Code Section 42127(h) requires that school districts make available any budget revisions within 45 days after the Governor signs the annual Budget Act. The District is proposing a revised 2019-20 District Budget based on the Budget Act, and will submit it to the San Diego County Office of Education.

ADDITIONAL DATA:

FISCAL IMPACT/FUNDING SOURCE:
The major changes in the Budget Act that will have a direct impact on District revenue are noted below.

- Special Education Early Intervention Preschool Grant. Estimated at $8,975 per pupil for 3-5 year-olds with IEPs (Individualized Education Programs), resulting in an approximately $5.6 Million increase in the District’s Special Education funding. Due to the uncertainty of future funding, the San Diego County Office of Education is recommending the funding be treated as one-time for 2019-20.

- Special Education Equalization funding. Estimated increase of approximately $98,506 in Special Education funding.

STAFF RECOMMENDATION:
Recommend approval.
ITEM TITLE:

(1) Conduct the Second Reading of Ordinance Dissolving Community Facilities District No. 2 and Directing Related Actions by Title Only; and

(2) Adopt Ordinance Dissolving Community Facilities District No. 2

X Action

Information

BACKGROUND INFORMATION:

In 1987, the Board of Education, acting as the legislative body of Community Facilities District No. 2 (CFD No. 2), formed CFD No. 2, and on February 23, 1989, recorded a Notice of Special Tax Lien for CFD No. 2 in the Official Records of the County of San Diego.

The Mello-Roos Community Facilities Act establishes a process for the cessation of special taxes, dissolving the affected CFD and the lien of its special taxes, and providing related notices. Pursuant to Government Code Section 53338.5, the legislative body of a CFD may adopt an ordinance to dissolve the CFD if: (i) the CFD is not obligated to pay any outstanding debt; and (ii) the CFD has no authorization to levy special taxes. Section 53338.5 provides for the recording of an addendum to the notice of special tax lien that gives appropriate notice.

The District’s special tax consultant has determined that: (i) as of June 30, 2018, the owners of property within CFD No. 2 were no longer obligated to pay special taxes of CFD No. 2, because the authorization to levy such taxes had expired; and (ii) CFD No. 2 is not obligated to pay any outstanding debt.

Therefore, District staff requests that the Board adopt the attached Ordinance to thereby dissolve CFD No. 2 and the lien of its special taxes, and direct that an Addendum to the Notice of Special Tax Lien for CFD No. 2 be recorded. The Addendum, when recorded, will give notice of the cessation of the CFD No. 2 special taxes and that CFD No. 2 and the associated liens have been dissolved.
A first reading by title only of the proposed Ordinance was conducted at the July 17, 2019, Board meeting. A Notice of Intention to Adopt Ordinance was duly posted immediately thereafter, and published in The Star News on July 26, 2019. The Ordinance will take effect thirty days after adoption.

ADDITIONAL INFORMATION:

Additional information is available for review in the Office of the Deputy Superintendent.

FISCAL IMPACT/FUNDING SOURCE:

None.

STAFF RECOMMENDATION:

Recommend conduct second reading of the proposed Ordinance by title only and thereafter adopt the Ordinance.
ORDINANCE NO. __________

Ordinance Dissolving Community Facilities District No. 2 and Directing Related Actions)

On motion of Member __________________, seconded by Member ____________________________, the following ordinance is adopted:

WHEREAS, the Board of Education of the Chula Vista Elementary School District (“Board of Education”), the governing board of what then was referred to as the Chula Vista City School District and is now referred to as the Chula Vista Elementary School District (“District”), previously formed Community Facilities District No. 2 (“CFD No. 2”) and, acting as the Legislative Body of CFD No. 2, authorized the special taxes of CFD No. 2 (“Special Taxes”) and bonded indebtedness of CFD No. 2, all pursuant to the Mello-Roos Community Facilities Act of 1982, as amended, being Chapter 2.5, Part 1, Division 2, Title 5 of the California Government Code (“Mello-Roos Act”); and

WHEREAS, the Board of Education, acting as the Legislative Body of CFD No. 2: (i) caused that certain Boundary Map of Community Facilities District No. 2 to be recorded on November 25, 1987, in Book 21, Page 45, of Maps of Assessment and Community Facilities Districts, as document number 87-658021 in the Official Records of the County of San Diego, California (“Boundary Map”); and (ii) caused that certain Notice of Special Tax Lien relating to CFD No. 2 to be recorded on February 23, 1989, as document number 89-092567, in the Official Records of the County of San Diego, California (“Notice of Special Tax Lien”); and

WHEREAS, the Board of Education, acting as the Legislative Body of CFD No. 2, hereby determines as follows in regard to CFD No. 2:

(i) CFD No. 2 has no bonds or securities currently outstanding and is not obligated to pay any outstanding debt;

(ii) CFD No. 2 is no longer authorized to levy any Special Taxes;

(iii) The obligation of owners of parcels within CFD No. 2 to pay the Special Taxes ceased effective as of June 30, 2018;

(iv) The funds of CFD No. 2 remaining as of the date the Board of Education adopted this Ordinance, if any, have all been allocated for expenditure on authorized costs; and
The School District shall be liable for any outstanding debt of CFD No. 2 discovered to exist after the dissolution of CFD No. 2; and

WHEREAS, the Board of Education, acting as the Legislative Body of CFD No. 2, hereby determines that it is appropriate at this time, and in accordance with the Mello-Roos Act, to dissolve CFD No. 2 and the lien of the Special Taxes, and to take related actions.

NOW, THEREFORE, the Board Of Education of the Chula Vista Elementary School District, acting as the Legislative Body of Community Facilities District No. 2, hereby finds, orders, and ordains as follows:

Section 1. The recitals set forth above in this Ordinance are true and correct, and the Board of Education hereby adopts such recitals as findings of the Board of Education.

Section 2. The Board of Education is authorized by the Mello-Roos Act to adopt this Ordinance in accordance with Government Code Sections 53316, 53330.5, and 53338.5.

Section 4. CFD No. 2 and all liens imposed by CFD No. 2 shall be dissolved effective as of the date this Ordinance takes effect.

Section 5. The Board of Education hereby authorizes and directs the Deputy Superintendent of the District, promptly following the date this Ordinance takes effect, to cause to be executed and recorded an addendum to the Notice of Special Tax Lien that provides notice of the cessation of the Special Taxes and dissolution of CFD No. 2 and all liens imposed by CFD No. 2.

Section 6. All actions heretofore taken by officers and agents of the District and CFD No. 2 with respect to the subject matter of this Ordinance are hereby approved, confirmed and ratified, and the Board of Education hereby authorizes and directs the Superintendent, Deputy Superintendent, and other appropriate officials of the District to take any and all such actions, including, without limitation, executing and delivering documents and expending funds, as reasonably may be necessary to achieve the intent and goals of this Ordinance.
Section 7. The Deputy Superintendent of the District shall cause notice of the adoption of this Ordinance to be given in accordance with applicable law, and this Ordinance shall take effect on the date that is thirty days following adoption by the Board of Education.

ORDAINED, ENACTED, AND ADOPTED by the Board of Education of the Chula Vista Elementary School District, County of San Diego, State of California, this 14th day of August, 2019, by the following vote:

The Governing Board recognizes that the health hazards associated with the smoking and other uses of tobacco and nicotine products, including the breathing of second-hand smoke, constitute a serious public health hazard and are inconsistent with the district goal and desires to provide a healthy environment for students and staff. Employees are encouraged to serve as models for good health practices that are consistent with the District’s instructional programs. (Health and Safety Code 104420, 104559)

In accordance with state and federal law, smoking is prohibited in all District facilities and vehicles. (20 U.S.C. 6083, Labor Code 6404.5)

(cf. 5131.62 - Tobacco)
(cf. 6143 - Courses of Study)

The Board further prohibits smoking and/or the use of tobacco products anywhere, any time on district property, in district vehicles, and in district-owned or leased buildings.

These prohibitions apply to all employees, students, visitors, and other persons at any school-sponsored instructional program, activity, or athletic event held on or off District property, owned, leased, or rented by or from the District. Any written joint use agreement governing community use of District facilities or grounds shall include notice of the District’s tobacco-free schools policy and consequences for violations of the policy. (Business and Professions Code 22950.5; Education Code 48901)

(cf. 1330 - Use of District Facilities)

Smoking means inhaling, exhaling, burning, or carrying any lighted or heated cigar, cigarette, pipe, tobacco, or plant product intended for inhalation, whether natural or synthetic, in any manner or form, and includes the use of an electronic smoking device that creates aerosol or vapor or of any oral smoking device for the purpose of circumventing the prohibition of smoking.
Tobacco products include: (Business and Professions Code 22950.5; Education Code 48901)

1. Any product containing, made, or derived from tobacco or nicotine that is intended for human consumption, whether smoked, heated, chewed, absorbed, dissolved, inhaled, snorted, sniffed, or ingested by any other means, including, but not limited to, cigarettes, cigars, little cigars, chewing tobacco, pipe tobacco, or snuff.

2. An electronic device that delivers nicotine or other vaporized liquids to the person inhaling from the device, including, but not limited to, an electronic cigarette, cigar, pipe, or hookah.

3. Any component, part, or accessory of a tobacco product, whether or not sold separately.

This policy does not prohibit the use or possession of prescription products and other cessation aids that have been approved by the U.S. Department of Health and Human Services, Food and Drug Administration, such as nicotine patches or gum.

Smoking or use of any tobacco-related product or disposal of any tobacco-related waste is prohibited within 25 feet of any playground, except on a public sidewalk located within 25 feet of the playground. In addition, any form of intimidation, threat, or retaliation against a person for attempting to enforce this policy is prohibited. (Health and Safety Code 104495)

The Superintendent or designee shall inform students, parents/guardians, employees, and the public about this policy and related procedures.

Recommend revision and approval.
FOOD SERVICE OPERATIONS/CAFETERIA FUND

The Governing Board intends that, insofar as possible, the school food services program shall be self-supporting. The Board shall review and approve of menu prices. Program financial reports shall be presented regularly for inspection by the Board.

(cf. 3100 – Budget)
(cf. 3300 – Expenditures and Purchases)
(cf. 3311 – Bids)
(cf. 3550 – Food Service/Child Nutrition Program)
(cf. 3552 – Summer Meal Program)
(cf. 5030 – Student Wellness)

Meal Sales

Adult meals may be offered to employees as a matter of convenience. Insofar as these meals may include federally donated food commodities, their price shall be set higher than that of student meals so as to reimburse the food service program for the total cost of providing adult meals and meet the paid lunch equity guidelines under the United States Department of Agriculture (USDA).

Meal prices, as recommended by the Superintendent/designee and approved by the Board, shall be based on the costs of providing food services and consistent with Education Code 38084 and 42 USC 1760. Students who are enrolled in the free or reduced-price meal program shall receive meals free of charge or at a reduced price in accordance with law, Board policy, and administrative regulation.

(cf. 3553 – Free and Reduced Price Meals)

The Superintendent/designee shall establish strategies and procedures for the collection of meal payments, including delinquent meal payments. Such procedures shall conform with BP/AR 3553 – Free and Reduced Price Meals, 2 CFR 200.426, and any applicable CDE guidance. The Superintendent/designee shall clearly communicate these procedures to students and parents/guardians, and shall make this policy and the accompanying administrative regulation available to the public pursuant to Education Code 49557.5.
Business and Noninstructional Operations

FOOD SERVICE OPERATIONS/CAFETERIA FUND (continued)

The Superintendent/designee shall ensure that a student whose parent/guardian has unpaid school meal fees or a student who is enrolled in the free or reduced-price meal program is not overtly identified by the use of special tokens, tickets, or other means and is not shamed, treated differently, or served a meal that differs from the meal served to other students. (Education Code 49557, 59557.5)

(cf. 0410 – Nondiscrimination in District Programs and Activities)
(cf. 0415 – Equity)

Cafeteria Fund

The Superintendent/designee shall establish a cafeteria fund independent from the District’s General fund.

The Superintendent/designee shall ensure that state and federal funds provided through school meal programs are allocated only for purposes related to the operation or improvement of food services and reasonable and necessary indirect program costs as allowed by law.

(cf. Federal Grant Funds)
(cf. 3440 – Management of District Assets/Accounts)
(cf. 3460 – Financial Reports and Accountability)

All proceeds from food sales and other services offered by the cafeteria shall be deposited in the cafeteria fund as provided by law.

The cafeteria fund shall be used only for Board-authorized expenditures necessary for the operation of school cafeterias. These expenditures may include but are not limited to expenditures for lease, purchase or installation of additional cafeteria equipment of the central food processing plant; vending machines and their installation and housing; computer equipment and related software; construction, alteration, or improvement of a central food processing plant; and the lease or purchase of vehicles used primarily in connection with the central food processing plant. (Education Code 39891)
Business and Noninstructional Operations

**FOOD SERVICE OPERATIONS/CAFETERIA FUND** (continued)

The wages, salaries and benefits of food service employees shall be paid from the district general fund and may be reimbursed from the cafeteria fund to the general fund whenever so ordered by the Board. (Education Code 39902)

*(cf. 3553 - Free and Reduced Price Meals)*

To increase cost effectiveness, the Superintendent or designee shall centralize and direct the purchasing of food and supplies, the planning of menus, and the auditing of all food service accounts for the District.

*(cf. 3550 – Food Service/Child Nutrition Program)*

With Board approval, the District may enter into a contract for management consulting services related to food service on a year-to-year basis.

The Board believes that there are appropriate times when individuals who are not students or District employees should be able to purchase meals at school facilities. These individuals may be:

- Parents and other adult classroom volunteers;
- Parent, sibling, and adult participants in school site activities; or
- Presenters for special programs for staff and/or students.

The cost of meals charged to these individuals shall meet the standards suggested in the guidelines provided by the California Department of Education.

Unpaid and Delinquent Meal Charges

No later than 10 days after a student’s school meal account has reached a negative balance, the Superintendent/designee shall so notify the student’s parent/guardian. Before sending this notification, the District shall exhaust all options and methods to directly certify the student for free or reduced-price meals. USE OF COPYRIGHTED MATERIALS

The Governing Board recognizes that District staff and students may use a variety of copyrighted materials in the educational program and other District operations. When such materials have not been purchased by the District for the intended use, the Board expects staff and students to respect the protections afforded by federal law to the copyright owners of those materials and respect any limitations by the copyright holder to the license of such materials.

It is the intent of the Governing Board of the Chula Vista Elementary School District to adhere to the provisions of all copyright laws and to maintain the highest ethical standards in the use of copyrighted materials. Willful infringement of copyright laws by District employees is prohibited. The District shall provide no legal support to any employee who violates the copyright law. Infringement of the law by staff may result in disciplinary action.

(cf. 6162.7 - Use of Technology in Instruction)
(cf. 4132/4232/4332 - Publication or Creation of Materials)
(cf. 6141 - Curriculum Development and Design)
(cf. 6161.1 - Selection and Evaluation of Instructional Materials)
(cf. 6163.1 - Library, Media Centers)

Any literary, musical, dramatic, choreographic, pictorial, graphic, sculptural, audiovisual or motion picture, sound, architectural, or other original work shall be assumed to be a copyrighted work, regardless of whether the work appears in print, audio, video, electronic, or other fixed and tangible form.

Before reproducing a copyrighted material for instructional or other District purposes, a staff member shall determine if the material is in the public domain or if the intended use of the material meets the criteria for fair use or another exception pursuant to 17 USC 107-122. If the material is not in the public domain or no recognized exception applies, the staff member shall seek permission of the copyright holder before using the material.

Copyrighted materials, whether they be print or nonprint, may not be duplicated without first receiving written permission from the copyright holder.
Instruction

USE OF COPYRIGHTED MATERIALS (continued)

Employees who willfully violate the District’s copyright position do so at their own risk and may be required to reimburse the District in the event of a loss due to litigation.

The Superintendent/designee shall inform staff that inclusion of an attribution citing the author and source of a copyrighted material does not absolve the staff member from the responsibility to either obtain permission or satisfy criteria for fair use or another exception.

If a staff member is uncertain as to whether the intended use of the material meets the criteria for fair use or another exception, he/she shall take the safest course and seek permission from the copyright holder to use the material or, if it is impracticable to obtain permission, shall contact the Superintendent/designee for clarification and assistance.

Students shall not copy or distribute copyrighted works to others. Staff members shall take reasonable precautions to prevent copying or the use of unauthorized copies on school equipment.

The Superintendent or his/her designee will provide employees with guidelines that ensure compliance with all applicable copyright laws.

At the beginning of each school year, guidelines related to copying or duplicating of copyrighted materials will be distributed to all district staff.

All requests for permission to copy or duplicate copyrighted materials will be approved by the site administrator.

The Superintendent/designee shall ensure that staff and students receive information and training about copyright laws and the penalties for violating such laws.

USE OF COPYRIGHTED MATERIALS

Prior to reproducing, distributing, displaying, posting, performing, or otherwise using a copyrighted material for an instructional purpose or in the course of other District business, District staff shall determine whether it is necessary to request permission of the copyright holder. Unless the staff member is reasonably certain that the material is in the public domain or the intended use meets the criteria for an exception specified in 17 USC 107-122 and this Administrative Regulation, he/she shall either obtain permission from the copyright holder or avoid use of the material. In addition, permission of the copyright holder shall be requested whenever District staff intend to publicly disseminate a copyrighted work, such as by posting on the District or school web site or using another method of communications accessible to the public.

(cf. 4132/4232/4332 - Publication or Creation of Materials)
(cf. 6141 - Curriculum Development and Design)
(cf. 6161.1 - Selection and Evaluation of Instructional Materials)
(cf. 6162.7 - Use of Technology in Instruction)
(cf. 6163.1 - Library Media Centers)

When making a reproduction an employee shall first ascertain whether the copying is permitted by law based on the guidelines below. If the request does not fall under a “permitted use,” the employee shall obtain written permission to reproduce the material from the copyright holder(s) in the manner described below.

Any reproduction or other use of a copyrighted work shall include the copyright notice.

District staff shall not reproduce and distribute copyrighted works of any type in any of the following circumstances:

1. When the copyrighted work is a “consumable” work such as a workbook, standardized test, answer sheet, or similar material.

2. To substitute for the purchase of the work.

3. To create, replace, or substitute for anthologies or collective works.
USE OF COPYRIGHTED MATERIALS (continued)

Request for Permission to Use Copyrighted Material

As necessary, District staff desiring to use a copyrighted material shall identify and contact the copyright holder to request permission to use the material. The request shall include the following information (See appendix for sample form letter requesting permission to copy):

1. Title, author(s), or publisher, producer(s) or distributor.
2. Edition, copyright, and/or production year.
3. Exact amount of material to be used, such as the number of lines, pages or chapters, or percentage of the work. (i.e., chapter, lines, running time, scenes, etc.)
4. Reference in the letter to the initial contact individual, by name, if the initial contact was made by phone.
5. Nature of the use, such as the course in which it will be used, the grade level of the students, the number of students, and the frequency of use. (i.e., how many times, when and with whom the material will be used).
6. How the material will be reproduced and distributed.

Guidelines

Criteria for Fair Use

In considering whether a copyrighted work may be used without the copyright holder’s permission on the grounds that the intended use is “fair use” pursuant to 17 USC 107, including reproduction in copies, phonorecords, or any other reproductive form for purposes such as criticism, comment, news reporting, teaching (including multiple copies for classroom use), scholarship, or research, District staff shall consider all of the following factors: (17 USC 107)
Instruction

USE OF COPYRIGHTED MATERIALS (continued)

1. The purpose and character of the use, including whether the use is of a commercial nature or for nonprofit educational purposes.

2. The nature of the copyrighted work.

3. The amount and substantiality of the portion used in relation to the copyrighted work as a whole.

4. The effect of the use upon the potential market for or value of the copyrighted work.

Any determination of fair use shall weigh together all the factors specified in items #1-4 above in addition to any applicable guidelines presented in this Administrative Regulation for specific types of copyrighted works.

Materials which do not bear notice of copyright and which are considered in the public domain may be copied in accordance with the Copyright Act. The following copyright guidelines specify which uses are permitted and which are prohibited in the use of printed material; sheet and recorded music; audio recordings - records, discs and tapes; films, video tapes, filmstrips, overhead transparencies, or slide programs; off-air taping (radio and television); rental, purchase and use of video tape; computer software; works by libraries; educational performances and displays; and emerging technologies.

Instruction

USE OF COPYRIGHTED MATERIALS (continued)

D. A delay to request permission from the copyright holder would preclude the most effective instructional use of the material.

Note: All permitted copying must bear an appropriate reference (i.e., author, title, date, source, etc.)

b. Prohibited Uses - an individual educator may not:

   (1) Copy more than one work or two excerpts from a single author during one class term.

2. Sheet and Recorded Music
   a. Permitted Uses - an individual educator may duplicate:

(5) A single copy of a recorded performance by student to be retained by the institution or individual teacher for evaluation or rehearsal purposes.

1. Emergency copies may be made when purchased copies needed for an imminent performance are not available, provided that replacement copies shall be purchased in due course.

2. Single or multiple copies of excerpts of works may be made for academic purposes other than performances, provided that the excerpt does not constitute an entire performable unit (e.g., a section, movement, or aria), no more than 10 percent of the total work is used, and the number of copies made does not exceed one per student.

3. Printed copies that have been purchased may be edited or simplified provided that the character of the work is not distorted and lyrics are not added or altered.

4. A single copy of a recorded performance by students may be made for evaluation or rehearsal purposes.

5. A single copy of recordings of copyrighted music owned by the District or individual teacher may be made for the purpose of constructing exercises or examinations.

USE OF COPYRIGHTED MATERIALS (continued)

Guidelines for Performing or Displaying Copyrighted Works

In the course of face-to-face instruction in a classroom or similar place devoted to instruction, teachers or students may recite, render, play, dance, act, or show a copyrighted work either directly or by means of any device or process or, in the case of a motion picture or other audiovisual work, show its images in any sequence or to make the sounds accompanying it audible, provided that: (17 usc 101, 110)

1. The performance or display is given by means of a lawfully obtained copy of the work.
2. The performance or display is made by, at the direction of, or under the actual supervision of a teacher as an integral part of a class session.
3. The performance or display is directly related and of material assistance to the teaching content of the transmission.
4. The transmission is limited to students enrolled in the course or to governing board members or employees as part of their official duties or employment.
5. If the work is to be digitally transmitted, the District has applied technological protections that reasonably prevent retention of the work in accessible form for longer than the class session and the unauthorized further dissemination of the work.

Any use of a motion picture or other audiovisual work outside the curriculum, such as for entertainment, a school or class reward, or a fundraiser, shall require permission from the copyright holder or a special viewing license.

Guidelines for Recording Broadcast Programming

Teachers may make recordings of television programs for use in a classroom for educational purposes under the following conditions:

1. Only programs provided to the public free of charge may be recorded and shown. Any use of programming from paid television services shall require permission of the copyright holder.
USE OF COPYRIGHTED MATERIALS (continued)

2. The recording may be shown only during the first 10 consecutive school days after it is made. It may be used once by an individual teacher in the course of relevant teaching activities and may be repeated once only when instructional reinforcement is necessary.

3. A limited number of copies may be reproduced from each recording to meet the legitimate needs of the teacher. Each copy shall be subject to all the provisions governing the original recording.

4. The recording may be retained for 45 calendar days after it is made and then shall be erased or destroyed. However, after the first 10 consecutive school days, the recording may only be used for purposes of determining whether or not to include the broadcast program in the teaching curriculum. If the teacher decides to keep the program for use in the curriculum, he/she shall request permission from the copyright owner.

5. Off-air recordings need not be used in their entirety, but the content of recorded programs may not be altered.

Guidelines for Copying Computer Programs or Software

District staff shall observe all licensing agreements between vendors and the District, including monitoring the number of users permitted by an agreement. Unless the applicable licensing agreement authorizes multiple users of a single computer program or software, the District shall not make multiple copies.

Copies of District-owned software may be made under either of the following conditions: (17 usc 117)

1. The copy is needed as an essential step in using the computer program with a particular machine.

2. The copy is used for archival or “backup” purposes only. This copy may be held only as a file copy and must be destroyed in the event that continued possession of the program ceases to be rightful, unless the copyright owner authorizes its sale, lease, or transfer as part of the sale, lease, or transfer of the original program.
Instruction

USE OF COPYRIGHTED MATERIALS (continued)

Audio Recordings - Records, Disks, and Tapes

a. Permitted Uses - An individual educator may:

(1) Make a single copy of a portion of a sound recording for a student (i.e., song from a record,) but not the entire recording. This copy can only be used in the educational context in which it was made and may not be sold or performed for profit.

(2) Make a single copy of recordings of performances by students for evaluation or rehearsal purposes which may be retained by the educational institution or individual teachers.

(3) Make a single copy of the entire sound recording of copyrighted music or a portion thereof from sound recordings owned by an educational institution or an individual teacher for the purposes of constructing aural exercises or examinations which may be retained by the educational institution or individual teacher.

b. Prohibited Uses - an individual teacher may not:

(1) Duplicate audio recordings unless reproduction rights were given at time of purchase.

(2) Reproduce music works or convert to another format (e.g., record to tape, etc.) unless written permission is secured.

Note: Questions pertaining to making multiple copies of sound recordings should be obtained in writing from the person/agency holding the copyright.

4. Films, Video Tapes, Filmstrips, Overhead Transparencies, or Slide Programs

a. Permitted Uses - An individual educator may:

(1) Allow a student to make a single copy of a small portion of a copyrighted film, video tape, or filmstrip for educational purposes if the material is owned by the school which the student is attending.

(2) Duplicate a single copy of a small portion of a film, or filmstrip for scholarly or teaching purposes.
USE OF COPYRIGHTED MATERIALS (continued)

(3) Create a slide or overhead transparency series from multiple sources as long as creation does not exceed ten percent of photographs from one source (book, magazine, filmstrip, etc.) unless the source forbids photographic reproduction.

(4) Create a single overhead transparency from a single page of a “consumable” workbook.

(5) Excerpt sections of a film for a local video tape (not to be shown over cable) if excerpting does not exceed ten percent of the total nor the “essence” of the work.

(6) Reproduce selected slides from a series if reproduction does not exceed ten percent of total nor excerpting “the essence.”

b. Prohibited Uses— an individual educator may not:

(1) Reproduce an audiovisual work in its entirety.

(2) Convert one media format to another (e.g., film to video tape) unless written permission is secured.

(3) Copy any portion of a film, video tape, or filmstrip sent to the school for preview or rent, or owned by another school or institution, without the expressed written permission of the copyright holder. This includes any material borrowed by the site or sent to the site for preview.

Note: The copyright of a film/video governs the performance (showing) as well as the copying of it. It is permissible to show a film to students using closed-circuit television if the system is confined to one building. Showing a film/video via closed-circuit television outside the building is not permitted.

5. Television - Off-Air Taping

The primary purpose of the federal Guidelines for Off-air Recording of Broadcast Programming for Educational Purposes is to permit short-term use of video tape recording off-air in face-to-face instruction within a specified time period. These guidelines also enable staff to preview instructionally-related materials for possible acquisition through purchase, lease, rental, or free-loan agreements by the County/District.
USE OF COPYRIGHTED MATERIALS (continued)

Off-air taping and long-term retention of news programs for research and academic purposes are permitted by the copyright act in Section 108 (f-3). These fair use rights and limitations are clarified below.

* See appendix for sample off-air request form and producer inquiry letter.

a. Permitted Uses—individual educators may:

(1) Record a broadcast program off-air simultaneously with broadcast transmission (including simultaneous cable retransmission) and retain for a period not to exceed the first 45 consecutive calendar days after the date of recording. Upon conclusion of the retention period, all off-air recordings shall be erased or destroyed immediately. Broadcast programs are television programs transmitted for reception by the general public without charge. Individuals who wish to retain programs beyond the 45 day period need to obtain written approval of appropriate copyright holders.

(2) Use off-air recordings once for each class in the course of relevant teaching activities during the first ten consecutive days and repeat once only when instructional reinforcement is necessary. These recordings may be shown in classrooms and similar places devoted to instruction within a single building, cluster, or campus, as well as in the homes of students receiving formalized home instruction.

(3) After the first 10 consecutive school days, use off-air recordings to the end of the 45 calendar day retention period for evaluation purposes only (i.e., to determine if the broadcast program should be purchased for the curriculum). The program may not be used for student exhibition or any other nonevaluation purpose without written authorization.

(4) Use all legal copies of off-air recordings provided that the copyright notice is included on the broadcast programs as recorded.

(5) Request that off-air recording be made for fair use. This recording can only be made by and for the use of individual teachers and not regularly recorded in anticipation of an educator’s request. A limited number of additional copies may be reproduced from each off-air recording to meet the legitimate needs of teachers under these
USE OF COPYRIGHTED MATERIALS (continued)

guidelines. Each such additional copy shall be subject to all provisions governing the original recording. No broadcast program may be recorded off-air more than once at the request of the same teacher, regardless of the number of times the program may be broadcast.

(6) Request that a library record and permanently retain commercial TV news programs from local, regional or national networks, interviews concerning current events, and on-the-spot coverage of new events for academic and research purposes. (This excludes documentaries, magazine format, and public affair broadcasts.) News programs are excluded from the 10-day/45-day use and retention period.

Note: Regional providers of instructional programming in California purchase off-air duplication rights on behalf of the schools they serve. Regional ITV agencies should be consulted for clarification in the use of these programs.

b. Prohibited Uses—individual educators may not:

(1) Tape off-air programs in anticipation of an educator’s requests.

(2) Request that a broadcast program be recorded off-air more than once for the same educator, regardless of the number of times the program may be broadcast.

(3) Use the recording for instruction after the ten consecutive school day use period.

(4) Hold the recording for weeks or indefinitely because:

(a) Units needing the program concepts are not taught within the ten day use period.

(b) An interruption or technical problems delayed its use.

(c) Another teacher wishes to use it, or any other supposedly “legitimate” educational reason.

(5) Record programs off-air without written permission from the author/producer/distributor when a special notice is provided specifically prohibiting reproduction of any kind.
USE OF COPYRIGHTED MATERIALS (continued)

(6) Alter off-air programs from their original content. Broadcast recordings may not be physically or electronically combined or merged to constitute teaching anthologies or compilations.

Note: The copying or use of subscription programs transmitted via subscription television cable services, such as HBO or Showtime, is illegal. Such programs are licensed for private/home use only and may not be used in public school. “Pay” programs received via satellite dish are subject to these guidelines.

6. Radio—Off-Air Taping
   a. Permitted Uses — individual educators may:
      (1) Allow a student to make a single copy of a small portion of a copyrighted radio program for educational purposes. Such a copy may not be sold or performed for profit.
      (2) Copy radio broadcasts consistent with fair use guidelines established for off-air video taping for use in face-to-face instruction. Contractual rights may entitle an individual to retain/use educational programs (i.e., those aired over National Public Radio, Public Broadcasting, etc.) beyond the fair use period. Rights for extended use beyond the 10-day/45-day use/evaluation period should be obtained in writing from the agency or individual holding distribution rights. Retention (not use) of recorded programs is permitted until additional use rights are established.

7. Rental, Purchase and Use of Video Tape
   a. Permitted Uses — unless precluded by county/district policy individual educators may:
      (1) Use purchased or rented video tapes (i.e., feature films) as part of a systematic course of instruction. Such use shall be for face-to-face instruction and must take place in a classroom or similar area devoted to instruction.
      (2) Use only lawfully made video tapes.
   b. Prohibited Uses — individual educators may not:
      (1) Use rented or purchased video tapes where a written contract specifically prohibits such use in a classroom or face-to-face teaching situation.
USE OF COPYRIGHTED MATERIALS (continued)

* See Educational Performance and Display Section

Note: County/district agencies may wish to require approval of the principal/curriculum director/department chair prior to the showing of rented or purchased feature film or video tapes.

8. Computer Software Copyright Regulations
   a. Permitted Uses - individual educators may:
      (1) Make a copy of an original computer program for the purpose of maintaining the availability of the program should it be damaged during use. Either the copy or the original may be retained in archives. Only one, either the original or the copy, may be used at any one time.
      (2) Make a copy of a program as an essential step in the utilization of the computer program as long as it is used in conjunction with the machine and in no other manner.
      (3) Make a new copy from the archival program in the event the program in use is damaged or destroyed.
   b. Prohibited Uses - an individual teacher may not:
      (1) Load the contents of one disk into multiple computers for use at the same time in the absence of a license permitting the user to do so.
      (2) Load the contents of one disk into local network or disk sharing systems in the absence of a license permitting the user to do so.
      (3) Make or use illegal copies of copyrighted programs on school equipment.
      (4) Allow any student to surreptitiously or illegally duplicate computer software or access any data base or electronic bulletin board.

Note: No employee of the county/district shall surreptitiously or illegally access any data base or electronic bulletin board.

9. Reproduction of Works by Libraries
   The Copyright Act imposes extensive restrictions on reproduction of works by school libraries. Systematic duplication of multiple copies is forbidden by law with the following exceptions:
Instruction

USE OF COPYRIGHTED MATERIALS (continued)

a. Permitted Uses - a librarian may:
   
   (1) Arrange for inter-library loans, provided that copying is not done to substitute for subscriptions to or purchase of a work.
   
   (2) Make up to six copies of a periodical article published within the last five years or excerpts from longer works.
   
   (3) Make single copies of articles or excerpts of records or longer works for students, provided the articles become the property of the student.
   
   (4) Make copies of unpublished works for preservation, published works to replace damaged copies, and out-of-print works which cannot be obtained at a fair price.
   
   (5) Make a limited number of off-air tape recordings of TV news broadcasts for researchers' academic use and distribution to scholars.
   
   (6) Selectively make a copy for preservation or security in accordance with fair use - a musical work, pictorial, graphic, sculptural work, motion picture, or other audio visual work if the current copy owned is deteriorated, lost or stolen and it has been determined that an unused copy cannot be obtained at a fair price.

b. Prohibited Uses - a librarian may not:
   
   (1) Make copies for students if there is reason to suspect that the students have been instructed to obtain copies individually.
   
   (2) Copy without including a notice of copyright.

Note: To avoid liability for copyright infringement on the part of the library or an employee as a result of unsupervised duplicating, libraries must display notices to the effect that making a copy may be subject to the copyright law (i.e., the United States Copyright Act of 1976 governs the copying of copyrighted materials. The person using this equipment is liable for any infringement.)

Additional Considerations and Clarifications

Educational Performances and Displays - The Copyright Act clearly permits the showing of a motion picture, video tape, etc. without an educational performance
USE OF COPYRIGHTED MATERIALS (continued)

License, if the following conditions are satisfied: 1) Use takes place in areas designated for classroom instruction. 2) Programs are shown as part of the curriculum and not for recreation or extracurricular use. 3) Materials are used in face-to-face instruction.

Any other use of copyrighted materials for entertainment or extracurricular purposes would require an educational performance license unless those rights were granted at the time of purchase.

Emerging Technologies—Newer technologies are easily changed or merged with one another. In all likelihood their potential for manipulation will result in the creation of new copyrightable forms of expression. These technologies include, but are not limited to, digital video, video disc, satellite transmission, distance learning, CD-ROM, on-line data bases (and their downloading), informational networks, and any other educational interventions which can be manipulated into new copyrightable forms of expression.

When using the new technologies, educators need to be fully aware of the potential for copyright infringement. At the time of purchase it is essential to specify the intended use of the media and understand the provisions of any contract a distributor may include with the media purchased. Educational applications may be enhanced if these purchase procedures are followed.

In the absence of clearly granted rights, it is recommended that educators contact the copyright holder in writing for permission to manipulate or use these technologies in alternative ways. This course of action will assure compliance with the spirit and intent of the copyright law as it applies to the role of electronic information and its transfer and use.
