A. Presentation of Newly Hired and Promoted Employees

There were no introductions.

B. Presentation of Book Donation by the South Bay Historical Society

Dr. Escobedo said the mission of the South Bay Historical Society (SBHS) is to preserve and promote the history of the community and that SBHS acts as a clearinghouse for many organizations in the region that are involved in education and historic preservation, and to promote the sharing of information about historic sites, family artifacts and photographs, and oral histories. He added that the organization is donating a copy of the book *Chula Vista Centennial: A Century of People and Progress*, which provides a visual journey, decade by decade from 1911, and brings to life historical facts and personal recollections of residents, educators, and leaders in business, and local government. He introduced SBHS Board Member Shelley Rudd, who is a retired District teacher. Mrs. Rudd said SBHS works closely with the Chula Vista Heritage Museum and announced that a current exhibit at the main Chula Vista library is about the indigenous people and natural history of the South Bay. She presented the donation of the books—one for each District school library and said SBHS is also donating a book for each school library at National, South Bay, and Sweetwater Union High School Districts.

President Humphrey said she worked with Mrs. Rudd for many years at Harborside and presented Ms. Rudd with a Certificate of Appreciation for SBHS.

C. Introduction of Partnership with the San Diego County District Attorney’s Office

Dr. Escobedo said the mission of the San Diego County District Attorney’s (SDCDA’s) Office is to pursue equal and fair justice for all and to build safe neighborhoods, which ensures students can learn and citizens can thrive. Dr. Escobedo added that besides prosecuting offenders, the SDCDA’s Office also serves the neighborhoods by protecting [citizens] and preventing crimes and one of the ways they accomplish this is through partnerships such as for the Power League Program. He acknowledged SDCDA staff members who were in the audience: District Attorney Summer Stephan; Chief Administrative Services Michelle Bush; Chief, South Bay Branch of the District Attorney’s Office Anthony Campagna; and Deputy District Attorney Marissa A. Bejarano, who is also a former District Board of Education Member. Ms. Stephan thanked Dr. Escobedo for the introduction, for having her at the meeting, and for acknowledging the team that made the partnership happen. She said it is not enough to wait until crime...
is committed; that the real win is to start preventing crimes early, adding that one of their goals is to reduce juvenile incarceration—which has decreased by 49% in the last five years. Ms. Stephan shared the program consists of providing mentors—prosecutors, investigators, paralegals, victim advocates—who will provide a two-to-one mentorship model to help students improve attendance and thus improve academic achievement. She stated the SDCDA’s Office will provide results and hopes for a 10-percent reduction in truancy and a 10-percent increase in student achievement and ability to communicate. Ms. Stephan said the program began in Bancroft [Elementary School] and that she can attest to the transformation and guarantee that the District will see something amazing, adding that she was asking the Board to approve the Memorandum of Understanding (MOU), which is free of charge.

President Humphrey thanked Ms. Stephan for the partnership and said it is very exciting.

D. Report on District Special Education Programs

Dr. Tessier said the District is blessed to have a stellar Executive Director for Special Education and Instruction [Ms. Sharon Casey] and that he was happy to introduce her to talk about what has happened and will continue to happen in the Department and to share preliminary results of the efforts. Ms. Casey presented a report that highlighted the District’s Special Education alignment to the District’s Vision. She also gave an overview of the department, providing information on the diverse services and supports offered and on how department staff members assist students. Ms. Casey said she is proud to work with the Special Education staff, thanked all the people who contribute to the lives of the students, and acknowledged Special Education staff members who were in the audience.

President Humphrey thanked Ms. Casey for the report and said the Board appreciates her and the entire Special Education team. Board Members asked questions that Ms. Casey answered; said they have seen the change in a positive direction in Special Education; expressed that it is great to work with a team that is ensuring equity for all students and providing the conditions for everyone to receive a world-class education; and thanked all the Special Education employees for their work.

4. COMMUNICATIONS TO THE BOARD OF EDUCATION

A. Chula Vista Classified Employees Organization

Chula Vista Classified Employees Organization President Peter Zeitler said Ms. Casey has been a godsend and especially helpful with
Instructional Assistants (IAs) and Students Attendents (SAs). Added that one of the important parts of her report is the training being delivered by the Support Team for Autism Spectrum and At-Risk Students, which is very important for the IAs and SAs—who are key in the integration of students in general education classrooms. Mr. Zeitler also said he has been working on getting IAs and SAs to interact more with teachers outside class time in order to prepare. He shared that ninety-seven Computer Technician I and II hours were cut, which means five people were laid off and have not been able to return and he is trying to work with the District to reinstate some of those hours. Thanked Facilities for getting schools ready to return and Purchasing Manager Ann Pering and her staff for getting Sunnyside ready for modernization.

B. Chula Vista Educators

Chula Vista Educators (CVE) President Susan Skala asked the Board to consider creating a policy regarding immigration enforcement; President Humphrey said the District has one and Ms. Skala asked that it be shared with staff. Ms. Skala agreed with Mr. Zeitler on collaboration time with IAs, SAs, and teachers and also regarding Computer Technician time, saying it is important for teachers to have that support. She mentioned creating a comprehensive process for implementation of Dual Language (DL) programs and for full inclusion programs, complete with job descriptions for DL teachers and itinerants. Ms. Skala remarked that the District should actively plan for the Resource Teacher program if it is going to change next year and that CVE would like to have input into the plan. She shared that CVE is very committed to working in the E3 [Educator Effectiveness and Evaluation] process, but the time has come to bargain the item. Ms. Skala said the Governor adopted a very robust budget, with well over three percent cost of living allowance, and that she hopes CVE and the District can settle the benefits and wages by September 6, even though the transfer settlement and the collaboration MOU still need to be negotiated. In closing, she said she looks forward to working with the Board this school year.

5. ORAL COMMUNICATIONS

Oral Communications provides the public with an opportunity to address the Board on non-agenda items. Speakers are requested to limit their remarks to five minutes. The Board shall limit the total time for public input on each agenda item to 20 minutes. Mr. Esquivel said the Board of Education created Communities Facilities District No. 2 (CFD No. 2) in 1987 and from that year through 1993, approximately 423 parcels were created for residential housing. He added that assessments are now complete and no obligations are due, so the District is requesting a first reading of the ordinance. Mr. Esquivel remarked the second reading would be presented in August to close out CFD No. 2.

President Humphrey said the Board, acting as the legislative body of CFD No. 2 would consider the ordinance dissolving CFD No. 2 and directing related actions. She asked for a motion to direct the Clerk to present the first reading by title only.

Motion: TAMAYO, Second: FARIAS, Vote: UNANIMOUS

Clerk Reyes read the title of the ordinance for CFD No. 2. President Humphrey said copies of the proposed ordinance are available in the District’s Business Services Office for public inspection. Added that teachers do a great job, but that equally important is for educators to be well themselves.
