B. Chula Vista Educators

Chula Vista Educators (CVE) President Susan Skala wished everyone a Happy New Year and thanked Clerk Humphrey for everything she did as Board President. She also thanked CVE members who were present in support of the union and the negotiations. Ms. Skala stated there is only about one percent difference between the District’s and CVE’s offers but that, having started bargaining in May 2019, it is taking a long time to come to an agreement. She said the District must ensure that every student has a caring, qualified, and committed teacher and that CVE members are determined to receive a fair settlement that puts students first and provides fair compensation.
5. ORAL COMMUNICATIONS

Oral Communications provides the public with an opportunity to address the Board on non-agenda items. Speakers are requested to limit their remarks to five minutes. The Board shall limit the total time for public input on each agenda item to 20 minutes. With Board consent, the President may increase or decrease the time allowed for public presentation depending on the topic and the number of persons wishing to be heard. No Board action can be taken.

This item took place earlier in the agenda.

A group of parents that includes Michelle Canlas, Jennifer Cate, and Rhodora DeGuzman (Tiffany); Kandi, Nadia Kean-Ayub, and Kirin Macapugay; and another parent who did not identify herself addressed the Board to express concerns regarding incidents in a special education classroom at Burton C. Tiffany Elementary. Institutional Child Abuse Expert Loxie Gant spoke to advocate for the Tiffany parents and students.

Board Members asked Dr. Escobedo to conduct an investigation and to meet with the parents.

Teacher Lisandra DeGomez expressed concerns because the Compact for Success program between Sweetwater Union High School District and San Diego State University was not renewed.

A. Accept Chula Vista Elementary School District 2018-19 Annual Audit Report

Mr. Esquivel said the District's 2018-19 Financial Statements have been audited by the firm Wilkinson Hadley King and introduced Partner Aubrey Mann.

Ms. Mann provided a summary of the results of the audit, stating that an unmodified opinion was issued, which means the financial statements can be relied upon as accurate, and saying that no deficiencies in internal controls were identified. She added that two federal programs were audited, with no findings, and that 22 state programs were audited, with one finding. Ms. Mann explained that the finding is procedural, relating to the after-school education and safety
program, where District policies had not been updated to reflect a revision in Education Code that changed priority enrollment. She said there was no fiscal impact due to the finding and the recommendation was to update the policies, which the District has since done.

President Farias thanked Ms. Mann for the report.

Motion: TAMAYO, Second: HUMPHREY, Vote: UNANIMOUS

Adopt Resolution of the Board of Education of the Chula Vista Elementary School District Authorizing the Execution and Delivery of the Chula Vista Elementary School District 2020 Certificates of Participation in an Aggregate Principal Amount Not to Exceed $25,000,000, Authorizing the Distribution of an Official Statement in Connection Therewith, and Authorizing the Execution of Various Documents and Related Actions

Mr. Esquivel explained the District is planning construction of School No. 47, including funding and that the process involves a loan in the form of Certificates of Participation (COPs). He said the total cost of the school (including land) is approximately $42 million, to be financed partially with Community Facilities District (CFD) funds, with the remaining $25 million to be raised through COPs. This action initiates the COPs loan process, which will be 100 percent financed with Mello Roos CFD monies.

B. Report on Feasibility Study of District Middle School Expansion

Dr. Escobedo presented a report on the feasibility of additional middle school programs in the District. He presented an overview of the Education Code (EC) sections that regulate running middle schools and explained the two ways a district can expand to middle school—the electoral process and the charter school process. Dr. Escobedo reviewed the implications of the electoral process, including the fact that the District does not have the facilities to serve the 6,000+
students who will be in middle school next year. He also answered a variety of questions from Board Members.

President Farias thanked Dr. Escobedo for the report. Board Member Tamayo commented on his motivation to request the feasibility study. He and Clerk Humphrey asked to explore District options through the charter school process.

Mr. Esquivel the Chula Vista Public Facilities Financing Corporation (PFFC) serves as the entity that facilitates the COPs for new construction of schools. He added that it is recommended that the Board of Education President chair the PFFC.

Mr. Esquivel said this is similar to the Board of Education approval of the resolution authorizing the sale of $25 million COPs. The PFFC acts as facilitator of the sale; therefore, the PFFC also needs to authorize the sale of COPs to fund construction of the next elementary school [School No. 47].
