Business and Noninstructional Operations

SALE AND DISPOSAL OF BOOKS, EQUIPMENT AND SUPPLIES (PERSONAL PROPERTY)

The Governing Board recognizes its fiscal responsibility to maximize the use of District equipment, instructional materials, and other personal property while providing up-to-date resources that facilitate student learning and effective District operations. When the Board, upon recommendation of the Superintendent/designee, declares any District-owned personal property unusable, obsolete, or no longer needed, the Superintendent/designee shall determine the estimated value of the property and shall decide whether the property will be donated, sold or otherwise disposed of as prescribed by law and administrative regulation.

(cf. 3512 – Equipment)  
(cf. 6163.1 – Library Media Centers)

The Superintendent/designee may request annual authorization from the Board to auction, sell, dispose of, or donate surplus furniture, equipment or materials that are no longer needed, have been deemed unusable, or are beyond economical repair.

If the Superintendent/designee determines that the property, whether one or more items, does not exceed $2,500 in value, the property may be sold without advertising for bids. (Education Code 17546)

If the Superintendent/designee finds that the value of the property is insufficient to defray the costs of arranging a sale, the property may be donated to a charitable organization deemed appropriate by the Superintendent/designee, or may be disposed of in the local public dump. (Education Code 17546)

Instructional materials shall be considered obsolete or unusable by the District if they have been replaced by more recent editions or new materials selected by the Board, are not aligned with the District’s academic standards or course of study, and have no foreseeable value in other instructional areas. Such materials may be sold or donated if they continue to serve educational purposes that would benefit others outside the District.
