FOSTER YOUTH BILL OF RIGHTS – EC 48853; 48853.5; 49069.5; 51225.1; 51225.2
“Foster child” means a child who has been removed from his or her home pursuant to Section 309 of the Welfare and Institutions Code (“WIC”), is the subject of a petition filed under Section 300 or 602 of the WIC, or has been removed from his or her home and is the subject of a petition filed under WIC section 300 or 602.

A foster child who is placed in a licensed children's institution or foster family home shall attend programs operated by the local educational agency in which that licensed children’s institution or foster family home is located, unless one of the following applies:
1. The pupil is entitled to remain in his or her school of origin;
2. The pupil has an individualized education program requiring placement in a nonpublic, nonsectarian school or agency, or in another local educational agency.
3. The parent or guardian, or other person holding the right to make educational decisions for the pupil pursuant to Section 361 or 726 of the WIC or Section 56055 ("educational rights holder"), determines that it is in the best interests of the pupil to be placed in another educational program and has submitted a written statement to the local educational agency that he or she has made that determination. This statement shall include a declaration that the parent, guardian, or educational rights holder is aware of all of the following:

(A) The pupil has a right to attend a regular public school in the least restrictive environment.

(B) The alternate education program is a special education program, if applicable.

(C) The decision to unilaterally remove the pupil from the regular public school and to place the pupil in an alternate education program may not be financed by the local educational agency.

(D) Any attempt to seek reimbursement for the alternate education program may be at the expense of the parent, guardian, or educational rights holder.

The parent or guardian, or educational rights holder shall first consider placement in the regular public school before deciding to place the foster child in a juvenile court school, a community school, or another alternative educational setting.

A foster child may still be subject to expulsion under applicable law and board policy.

Foster youth are subject to other laws governing the educational placement in a juvenile court school, of a pupil detained in a county juvenile hall, or committed to a county juvenile ranch, camp, forestry camp, or regional facility, notwithstanding the rights contained in this notice.

Foster children living in emergency shelters (as referenced in the federal McKinney-Vento Homeless Assistance Act (42 U.S.C. Sec. 11301 et seq.)), may receive educational services at the emergency shelter as necessary for short periods of time for either of the following reasons:

1. For health and safety emergencies.

2. To provide temporary, special, and supplementary services to meet the child's unique needs if a decision regarding whether it is in the child's best interests to attend the school of origin cannot be made promptly, it is not practical to transport the child to the school of origin, and the child would otherwise not receive educational services.

The educational services may be provided at the shelter pending a determination by the educational rights holder regarding the educational placement of the child.

All educational and school placement decisions shall be made to ensure that the child is placed in the least restrictive educational programs and has access to academic resources, services, and extracurricular and enrichment activities that are available to all pupils. In all instances, educational and school placement decisions shall be based on the best interests of the child.

CVESD’s liaison for foster children is the Executive Director of Student, Family, Community and Instruction Services and Support, 84 East J Street, Chula Vista, CA, (619) 425-9600, Ext. 1510. The role of educational liaison is advisory with respect to placement decisions and determination of school of origin and does not supersede the role of the parent or guardian retaining educational rights, a responsible adult appointed by the court, a surrogate parent or a foster parent exercising their legal rights with respect to the foster child’s education. The educational liaison serves the following roles:
1. Ensures and facilitates proper educational placement, enrollment in school, and checkout from school for foster children;

2. Assists foster children when transferring from one school to another school or from one school district to another school district in ensuring proper transfer of credits, records and grades.

3. When designated by the Superintendent, notifies a foster child’s attorney and child welfare agency representative(s) of pending disciplinary proceedings and pending manifestation determination proceedings if the foster child is also eligible to receive special education and related services under the IDEA.

At the initial detention or placement by the Juvenile Court, or any subsequent change in placement of a foster child by the Court, the local educational agency serving the child shall allow the foster child to continue his or her education in the school of origin for the duration of the jurisdiction of the court. If the jurisdiction of the court is terminated prior to the end of the academic year:

1. Former foster children in grades kindergarten, or 1 to 8, inclusive, shall be allowed to continue his or her education in the school of origin through the duration of the academic year;

2. Former foster children in high school shall be allowed to continue his or her education in the school of origin through graduation;

3. Transportation is not required unless the former foster child has an IEP and the IEP team determines transportation is a necessary related service, required by the unique educational needs of the pupil in order to benefit from their special education program. Transportation may be provided at the local educational agency’s discretion. The rights of foster youth do not supersede any other law governing special education for eligible foster children.

4. To ensure that the foster child has the benefit of matriculating with his or her peers in accordance with the established feeder patterns of school districts, if the foster child is transitioning between school grade levels, the foster child shall be allowed to continue in the school district of origin in the same attendance area, or, if the foster child is transitioning to a middle school or high school, and the school designated for matriculation is in another school district, to the school designated for matriculation in that school district.

In consultation with the foster child and educational rights holder, the educational liaison may recommend that the foster child waive his or her right to attend the school of origin and enroll in a public school within his or her attendance area. The educational liaison’s recommendation must be accompanied by a written explanation for the basis of the recommendation and how it serves the foster child’s best interests.

1. If the educational liaison, foster child and educational rights holder agree it is in the best interest of the foster child to waive his or her right to attend the school of origin and attend the recommended school, the foster child shall immediately be enrolled within the recommended school.

2. The recommended school shall immediately enroll the foster child regardless of any outstanding fees, fines, textbooks or moneys due to any previous schools of attendance or if the foster child is unable to produce clothing or records normally required for enrollment, such as previous academic records, medical records, including proof of immunization, proof of residency or other documentation.

3. Within two business days of the foster child's request for enrollment, the educational liaison for the new school shall contact the school last attended by the foster child to obtain all academic and other records. The last school attended by the foster child shall provide all required records to the new school regardless of any outstanding fees, fines, textbooks, or other items or moneys owed to the school last attended. The
educational liaison for the school last attended shall provide a complete copy of the foster child’s education record to the new school within two business days of receiving the request.

If any dispute arises as to the school placement of a pupil under this section, the pupil has the right to remain in his or her school of origin, pending resolution of the dispute.

“School of origin” means the school that the foster child attended when permanently housed or the school in which the foster child was last enrolled. If the school the foster child attended when permanently housed is different from the school in which the foster child was last enrolled, or if there is some other school that the foster child attended with which the foster child is connected and that the foster child attended within the immediately preceding 15 months, the educational liaison, in consultation with, and with the agreement of, the foster child and the educational rights holder, shall determine, in the best interests of the foster child, the school that shall be deemed the school of origin.

If the foster child is absent from school due to a decision to change the placement of the foster child made by a court or placing agency, the grades and credits of the foster child will be calculated as of the date the foster child left school and no lowering of grades will occur as a result of the absence of the foster child under these circumstances. If the foster child is absent from school due to a verified court appearance or related court ordered activity, no lowering of his or her grades will occur as a result of the absence of the pupil under these circumstances.

A foster child or homeless youth who transfers between schools any time after the completion of the pupil’s second year of high school shall be exempt from all coursework and other graduation requirements adopted by the governing board of the local educational agency that are in addition to the statewide coursework requirements, unless the local educational agency makes a finding that the foster child or homeless youth is reasonably able to complete the local educational agency’s graduation requirements in time to graduate from high school by the end of the pupil’s fourth year of high school.

Within 30 days of the foster child’s transfer into a school, the local educational agency should determine whether a foster child or homeless youth is reasonably able to complete the local educational agency’s graduation requirements within the pupil’s fifth year of high school. If the pupil is reasonably able to complete the local educational agency’s graduation requirements within a fifth year of high school, the local educational agency shall do all of the following:

1. Inform the pupil of his or her option to remain in school for a fifth year to complete the local educational agency’s graduation requirements.
2. Inform the pupil, and the educational rights holder, about how remaining in school for a fifth year to complete the local educational agency’s graduation requirements will affect the pupil’s ability to gain admission to a postsecondary educational institution.
3. Provide information to the pupil about transfer opportunities available through the California Community Colleges.
4. Permit the pupil to stay in school for a fifth year to complete the local educational agency’s graduation requirements upon agreement with the pupil, if the pupil is 18 years of age or older, or, if the pupil is under 18 years of age, upon agreement with the educational rights holder.

If the local educational agency fails to provide timely notice of the exemption, the pupil shall be eligible for the exemption, once notified, even if that notification occurs after the termination of the court’s jurisdiction of the pupil or after the pupil is no longer considered a homeless youth.

If a foster child or homeless youth is exempt from local graduation requirements pursuant to this section and completes the statewide coursework requirements before the end of his or her fourth year of high school and that pupil would otherwise be entitled to remain in attendance at the school, a school or local educational agency shall
not require or request that the pupil graduate before the end of his or her fourth year of high school, nor shall the foster child or homeless youth be required to accept the exemption or be denied enrollment in courses for which they are otherwise eligible. If a foster child or homeless youth is not exempt from local graduation requirements or has previously declined the exemption pursuant to this section, a local educational agency shall exempt the pupil at any time if an exemption is requested by the pupil and the pupil qualifies for the exemption. The exemption shall apply after termination of the court’s jurisdiction or after pupil is no longer considered a homeless youth.

A transfer shall not be requested solely to qualify for an exemption under this section.

The local educational agency shall accept coursework satisfactorily completed by a foster child or homeless youth while attending another public school, a juvenile court school, or a nonpublic, nonsectarian school or agency even if the pupil did not complete the entire course and issue that pupil full or partial credit for the coursework completed. The local educational agency may not require a foster child or homeless youth to retake a course if the pupil has satisfactorily completed the entire course in a public school, a juvenile court school, or a nonpublic, nonsectarian school or agency. If the pupil did not complete the entire course, the local educational agency may not require the pupil to retake the portion of the course the pupil completed unless the local educational agency in consultation with the educational rights holder, finds that the pupil is reasonably able to complete the requirements in time to graduate from high school. When partial credit is awarded in a particular course, the foster child or homeless youth shall be enrolled in the same or equivalent course, if applicable, so that the pupil may continue and complete the entire course. The pupil shall not be prevented from taking or retaking a course to meet eligibility requirements for admission to the California State University or University of California.

A complaint of noncompliance with the requirements of this section may be filed with the local educational agency under the Uniform Complaint Procedures set forth in Chapter 5.1 (commencing with Section 4600) of Division 1 of Title 5 of the California Code of Regulations.

A complainant not satisfied with the decision of a local educational agency may appeal the decision to the CDE and shall receive a written decision regarding the appeal within 60 days of the CDE's receipt of the appeal.

If a local educational agency finds merit in a complaint, or the Superintendent finds merit in an appeal, the local educational agency shall provide a remedy to the affected pupil.

(b) Recognize that the best learning takes place when the student learns because of his desire to learn.
(c) Maintain a learning situation maximizing student self-motivation and encouraging the student in his own time to follow his own interests. These interests may result in whole or in part from a presentation by his teachers of choices of learning projects.
(d) Maximize the opportunity for teachers, parents and students to cooperatively develop the learning process and its subject matter. This opportunity shall be a continuous, permanent process.
(e) Maximize the opportunity for the students, teachers, and parents to continuously react to the changing world, including but not limited to the community in which the school is located.

In the event any parent, pupil, or teacher is interested in further information concerning alternative schools, the County Superintendent of Schools, the administrative office of this district, and the principal's office in each attendance unit have copies of the law available for your information. This law particularly authorizes interested persons to request the governing board of CVESD to establish alternative school programs in each district.

CHULA VISTA ELEMENTARY SCHOOL
SUMMARY OF WELLNESS POLICY
ATTACHMENT A

The Chula Vista Elementary School District (CVESD) recognizes the link between student health and learning and is committed to providing a healthy school environment that promotes student and staff wellness, proper nutrition, nutrition education, and regular physical activity. The CVESD Wellness Policy (BP 5030) was revised May 8, 2012. It consolidates, updates, and reflects changes to all federal, state, local, and District guidelines.

**Key policy guidelines to promote student wellness include:**

- Integrating health education into K-6 core academic subjects during the school day and before-and-after-school programs as well as providing professional development in health and physical education highlighting healthy behaviors.
- Supplying a standards-based K-6 physical education program emphasizing physical fitness, positive health practices, and skill development, that meets or exceeds the State mandated instructional minutes required at the elementary level.
- Giving all students opportunities to be physically active throughout the day with activities such as classroom mini-breaks, physical education, recess, school intramurals, special events, Safe-Routes to School, and before-and-after-school programs.
- Implementing nutrition guidelines for all foods available on each campus during the day (one hour before and after school), with the objective of promoting student health and reducing childhood obesity.
- Delivering foods and beverages through federally mandated reimbursable school meal programs that meet or exceed federal regulations. For example, CVESD has chosen not to serve flavored milk at meals or snacks.
- Prohibiting the marketing and advertising of non-nutritious foods and beverages on school sites. School staff are strongly encouraged to use non-descriptive containers for food and beverages they consume while with children.
- Prohibiting food items in celebration of a student’s birthday on the school site during the school day.
- Permitting no more than two parties/celebrations with food for each class, per school year, to be scheduled after lunch whenever possible. All food items should be store-bought, pre-packaged, and/or pre-wrapped for food safety and allergies.
- Restricting school staff and other entities from using non-compliant food as a reward for academic performance, accomplishments, or classroom behavior. CVESD emphasizes non-food incentives as alternatives to all school staff.
- Encouraging school organizations to use non-food items and/or healthy food items for fundraising purposes and special events. If food is used, there should be an effort to balance healthier, appropriate portion-size food choices with non-nutritious items.
- Encouraging parents/guardians to support student wellness by considering the nutritional quality and portion-size of items they send for snacks/lunch and complying with new District guidelines for non-food birthday parties, healthier celebrations and special events.
- Encouraging staff to serve as positive role models by promoting health and wellness resources that support positive lifestyle practices among employees.
- Fostering consistent health messages between the home and school environment by disseminating information through District menus, school newsletters, handouts, websites, parent meetings, and/or other communications.
- Inspiring schools to develop intergenerational programs involving active older adults as role models to support children’s healthy lifestyle behaviors.
- Establishing a plan for promoting, implementing, monitoring and evaluating wellness policy practices in each school, and throughout CVESD.

BOARD POLICY 5145.7 – SEXUAL HARASSMENT

The Chula Vista Elementary School District recognizes that harassment on the basis of sex is a violation of both federal and state anti-discrimination laws. The District expects that all students will have a learning environment free from sexual harassment or the threat of sexual harassment. Sexual harassment will not be tolerated toward students by students or by adults at school or during school-related, or school-sponsored activities.

Teachers shall inform students in age-appropriate ways of what sexual harassment is, that they do not have to endure it, and that it will not be tolerated. Teachers shall also inform students of the District’s procedure for investigating complaints.

If any student perceives comments, gestures, or actions, from any other student or adult during school-related or school-sponsored activities to be sexual harassment, the student is encouraged, but not required, to inform directly the person engaging in such conduct that such conduct is offensive and must stop. If this approach is not taken and/or is not successful, the student should notify the classroom teacher and/or the school principal or any other available school employee. School staffs who are aware, or who become aware, of sexual harassment or any allegations of sexual harassment shall inform the principal or a District Compliance Officer. The principal or a District Compliance Officer shall take immediate steps to investigate any complaints of sexual harassment in a manner that respects the privacy of all parties concerned to the extent practicable.

In any case of sexual harassment involving the principal to whom the complaint would ordinarily be made, the employee who receives the student’s report or observes the incident shall instead report to the Superintendent or his/her designee.

No student, staff member, parent or other individual will suffer reprisals for reporting incidents of sexual harassment or making complaints.

The Superintendent/designee shall take appropriate actions to reinforce the District’s sexual harassment policy.

Instruction/Information
The Superintendent or designee shall ensure that all District students receive age-appropriate information on sexual harassment. Such instruction and information shall include:

2. A clear message that students do not have to endure sexual harassment under any circumstance.
3. Encouragement to report observed incidents of sexual harassment even where the alleged victim of the harassment has not complained.
4. A clear message that student safety is the District’s primary concern, and that any separate rule violation involving an alleged victim or any other person reporting a sexual harassment incident will be addressed separately and will not affect the manner in which the sexual harassment complaint will be received, investigated, or resolved.
5. A clear message that, regardless of a complainant’s noncompliance with the writing, timeline, or other formal filing requirements, every sexual harassment allegation that involves a student, whether as the complainant, respondent, or victim of the harassment, shall be investigated and prompt action shall be taken to stop any harassment, prevent recurrence, and address any continuing effect on students.
6. Information about the District’s procedure for investigating complaints and the person(s) to whom a report of sexual harassment should be made.
7. Information about the rights of students and parents/guardians to file a civil or criminal complaint, as applicable, including the right to file a civil or criminal complaint while the District investigation of a sexual harassment complaint continues.
8. A clear message that, when needed, the District will take interim measures to ensure a safe school environment for a student who is the complainant or victim of sexual harassment and/or other students during an investigation and that, to the extent possible, when such interim measures are taken, they shall not disadvantage the complainant or victim of the alleged harassment.

Complaint Process and Disciplinary Actions
Sexual harassment complaints by and against students shall be investigated and resolved in accordance with law and District procedures specified in Administrative Regulation (AR) 1312.3 - Uniform Complaint Procedures. Principals are responsible for notifying students and parents/guardians that complaints of sexual harassment can be filed under AR 1312.3 and where to obtain a copy of the procedures.

(cf. 1312.3 - Uniform Complaint Procedures)

Upon investigation of a sexual harassment complaint, any student found to have engaged in sexual harassment or sexual violence in violation of this policy shall be subject to disciplinary action.

Any students in grades 4-12 found responsible for sexual harassment of anyone in or from the District, will be subject to appropriate discipline as contained in the school’s discipline policy. The severity of the disciplinary action will be based upon the circumstances of the infraction.

Confidentiality and Record-Keeping
All complaints and allegations of sexual harassment shall be kept confidential except as necessary to carry out the investigation or take other subsequent action. (5 CCR 4964)
The Superintendent or his/her designee shall maintain a record of all reported cases of sexual harassment to enable the District to monitor, address, and prevent repetitive harassing behavior in the schools and during school-related activities.
The District designates the following individual(s) as the responsible employee(s) to coordinate its efforts to comply with Title IX of the Education Amendments of 1972 and California Education Code 234.1, as well as to investigate and resolve sexual harassment complaints under Administrative Regulation (AR) 1312.3 - Uniform Complaint Procedures. Any prohibited conduct that occurs off campus or outside of school-related or school-sponsored programs or activities will be regarded as sexual harassment in violation of District policy if it has a continuing effect on or creates a hostile school environment for the complainant or victim of the conduct.

Reporting Process and Complaint Investigation and Resolution

Any student who believes that he/she has been subjected to sexual harassment by another student, an employee, or a third party or who has witnessed sexual harassment is strongly encouraged to report the incident to his/her teacher, the principal, or any other available school employee. Within one school day of receiving such a report, the school employee shall forward the report to the principal or the District’s compliance officer identified in AR 1312.3. In addition, any school employee who observes an incident of sexual harassment involving a student shall, within one school day, report his/her observation to the principal or a District compliance officer. The employee shall take these actions, whether or not the alleged victim files a complaint. When a report or complaint of sexual harassment involves off-campus conduct, the principal shall assess whether the conduct may create or contribute to the creation of a hostile school environment. If the principal determines that a hostile environment may be created, the complaint shall be investigated and resolved in the same manner as if the prohibited conduct occurred at school.

When a verbal or informal report of sexual harassment is submitted, the principal or compliance officer shall inform the student or parent/guardian of the right to file a formal written complaint in accordance with the District’s uniform complaint procedures. Regardless of whether a formal complaint is filed, the principal or compliance officer shall take steps to investigate the allegations and, if sexual harassment is found, shall take prompt action to stop it, prevent recurrence, and address any continuing effects.

If a complaint of sexual harassment is initially submitted to the principal, he/she shall, within two school days, forward the report to the compliance officer to initiate investigation of the complaint. The compliance officer shall contact the complainant and investigate and resolve the complaint in accordance with law and District procedures specified in AR 1312.3.

In investigating a sexual harassment complaint, evidence of past sexual relationships of the victim shall not be considered, except to the extent that such evidence may relate to the victim's prior relationship with the respondent.

In any case of sexual harassment involving the principal, compliance officer, or any other person to whom the incident would ordinarily be reported or filed, the report may instead be submitted to the Superintendent or designee who shall determine who will investigate the complaint.

(cf. 5141.4 - Child Abuse Prevention and Reporting)

Confidentiality

All complaints and allegations of sexual harassment shall be kept confidential except as necessary to carry out the investigation or take other subsequent necessary action. (5 CCR 4964)
When a complainant or victim of sexual harassment notifies the District of the harassment but requests that the District not pursue an investigation, he District will determine whether or not it can honor such a request while still providing a safe and nondiscriminatory environment for all students and complying with all other applicable legal requirements.

Response Pending Investigation
When an incident of sexual harassment is reported, the principal or designee, in consultation with the compliance officer, shall determine whether interim measures are necessary pending the results of the investigation. The principal/designee or compliance officer shall take immediate measures necessary to stop the harassment and protect students and/or ensure their access to the educational program. To the extent possible, such interim measures shall not disadvantage the complainant or victim of the alleged harassment. Interim measures may include, but are not necessarily limited to, placing the individuals involved in separate classes or transferring a student to a class taught by a different teacher, in accordance with law and Board policy. The school should notify the individual who was harassed of his/her options to avoid contact with the alleged harasser and allow the complainant to change academic and extracurricular arrangements as appropriate. The school should also ensure that the complainant is aware of the resources and assistance, such as counseling, that are available to him/her. As appropriate, such actions shall be considered even when a student chooses to not file a formal complaint or the sexual harassment occurs off school grounds or outside school-sponsored or school-related programs or activities.

You can find more information regarding these pesticides and pesticide use reduction at the Department of Pesticide Regulation’s Web site at [http://www.cdpr.ca.gov](http://www.cdpr.ca.gov).

As parent or guardian, you have the right to request a 72-hour notification prior to application. Signs are required to be posted 24 hours prior to pesticide applications and will remain on site until 72 hours after application.

If you wish to be notified, please complete the bottom portion of this letter and return to your child’s school. The District Grounds Manager will notify the school of exact date and time prior to each application of pesticides/herbicides. At that time, if you are registered to receive notification, the school will call or send a note home. No regular spraying schedule is followed. Spraying is only done when absolutely necessary.

A copy of the Healthy Schools Act of 2000, Material Safety Data Sheets, and sample copies of notification letters are available at each school site.

NOTIFICATION OF PESTICIDE PRODUCTS

Information Sheet for Parents Regarding AB 2260, the Healthy Schools Act of 2000, which enacted California Education Code § 48980.3.

In September 2000, Governor Davis signed into law the Healthy Schools Act of 2000 (Assembly Bill 2260). This law requires schools to notify parents and school employees about pesticides used in their schools and requires the Department of Pesticide Regulation to promote the voluntary adoption of integrated pest management (IPM) practices in California schools. Most provisions of the law took effect January 1, 2001. Each school district is to implement the following requirements of the law:

- Notification of all pesticide products the school district expects to use on school grounds must be sent annually to parents or guardians of all students. These products include over-the-counter pesticides available at retail outlets, but do not include certain products exempted under the law. The notifications must list the active ingredients in each pesticide product and the Internet address for the Department of Pesticide Regulation (DPR) to access additional information. Visit DPR’s website at http://www.cdpr.ca.gov and click on School IPM Program.
- Each school will establish a list of parents or guardians who want to be notified before individual pesticide applications are made.
- Each school district will ensure that warning notices are posted in areas where pesticides will be applied. These signs will be posted 24 hours in advance and 72 hours after application of pesticides and will contain information as specified in the law.
- Each school will maintain records of all pesticide use at the school for four years and the records will be available to the public upon request.

For more information, contact the District Grounds Manager (619) 425-9600, extension 1424.

BLACK WIDOW SPIDER INFORMATION

The Chula Vista Elementary School District encourages you to speak with your child about avoiding contact with black widow spiders both at home and on school sites.

Black Widow
The adult female Black Widow spider has a shiny, black, round abdomen with two connected red triangles on the underside that form an hourglass figure. Adult females are about ½ inch long, not including the legs. Adult male Black Widow spiders are harmless, and about half the size of females. The male’s abdomen usually has red spots and white lines or bars.

How to avoid spider bites
- Wear shoes outdoors.
- Do not put your hands in holes, under furniture and in woodpiles where you cannot see them.
- Shake out clothing, towels, shoes, gloves and boots before each use.
- Use caution when using outdoor toilets, as they are favorite places for spider to hide.

Symptoms of a Black Widow spider bite
The initial pain from a spider bite can cause an intense and burning sensation. Common symptoms include:
- Sweating
- Nausea
- Rapid heartbeat
- Muscle spasms
- Blurred vision
- Trouble Breathing and swallowing

Children under the age of 6, people over the age of 60, and people at risk for cardiovascular disease are at risk of having problems from a poisonous spider bite. Some people may also have allergic reactions that can cause circulatory failure. To see if they are going to have an allergic reaction, they may be kept under observation for 24 hours.

For more information on spiders or other vectors contact: (858) 694-2888 or vector@sdcounty.ca.gov.
Chula Vista Elementary School District focuses on providing the highest quality educational experience for all students. Included in that is a high quality physical education (P.E.) program in our schools. As per California Education Code 51210(g), first through sixth grade teachers are required to teach 200 minutes of physical education over 10 instructional days. It is at the discretion of the school as to how and when these minutes are distributed over this time frame. We are providing this notice to inform parents/guardians that, if they have questions regarding P.E. minutes, they should first contact their child’s teacher or principal. If they are not satisfied with the school’s response, they may contact the Office of the Executive Director of Operations and Instruction at 619-425-9600 X1326. If there is an interest in filing a formal complaint with the district regarding P.E. minutes of instruction, parents are to use the CVESD Uniform Complaint Procedure Form, which can be accessed by going to https://www.cvesd.org/district/community/sitepages/communityforms.aspx#.WZtBtzn99A You may also request a copy of this form in your school’s main office.
